

Dollar coins make sense.

“We have successfully converted over 400 dollar/dollar token/quarter drops with Imonex® and we’ve experienced excellent results. We’re halfway through our conversion process and our coin jams have decreased dramatically. We spend less time servicing our machines so we can focus on serving our customers. We definitely recommend Imonex® to our friends in the laundry business.”

*Gary D. Gray, CEO
Fun Wash, Inc.*

Imonex® is proud to serve the hard-working entrepreneurs in the Coin-Op Laundry industry. We are dedicated to helping this important community improve customer experiences, enhance ROI and increase uptime through our steadfast commitment to enhanced product development and friendly customer support.

Enhanced reliability and performance through advanced engineering.

The Imonex® Difference

- Patented Superior Coin Acceptance
- Multi-Coin in Single Drop
- Flexibility to Convert to Dollar/Quarter
- Converts Smart Card System Back to Coin
- Compatibility with Most Major Coin-Op Manufacturers
- Serving Both Domestic and International Markets
- Proudly Made in the U.S.A.

Come see us at Clean 2013, Booth 2863.

Our vertical geometric technology greatly reduces jams, increasing potential revenue. With our flexible options for multi-coin dollar, quarter and tokens, we allow customers the convenient payment options they expect. Plus, the higher denomination availability allows owners to reduce the frequency of coin box service visits.
