

*Where You Find Successful Operators,
You'll Find IMONEX® Coin Drops.*

*Randy K*rohn Des Moines, IA

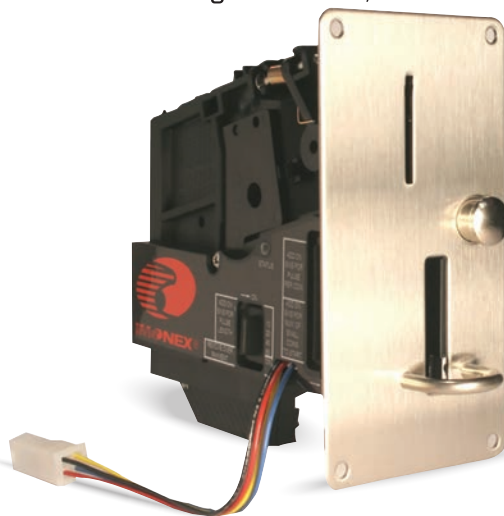

"Hi, my name is Randy Krohn, I own four Laundromats in the Des Moines area, two stores are 4,000 sq. ft., one store is 3,000 sq. ft., and the last store is 2,000 sq. ft. Three of the stores use IMONEX coin drops that will accept dollar coins, dollar tokens, quarters and quarter tokens."

"My first store, an old Duds 'N' Suds, takes quarters and quarter tokens, I will be converting it like my other 3 stores within the next year. My customers like using dollar tokens because on an \$8

machine they only need to put in 8 one-dollar tokens verses 32 quarters. Another thing we like to do, as a

reward to our customers, is when they put in a \$20 bill, they receive \$22 back in one-dollar tokens. One great advantage in dealing with IMONEX is, if I have any issues I can talk to Butch directly and get quick results. Butch also calls me just to see how everything is going and if I am having any issues; he is always looking to make improvements to his coin drops if needed. I have been using IMONEX coin drops for over 5 years now, my customers and I have been very pleased."
